Professor H. Tracy,
University of Toronto.

Dear Professor Tracy:

As you know the students have had the right to use the rooms in the Undergraduates' Union for a good many years. We closed the Union because of the condition into which the upper rooms had fallen, and because of our inability to refurbish them. The Parliament, however, have asked for some of the upstairs rooms for their offices and at the same time have asked that the room downstairs be left as a lounging room for students who may be coming and going on the way to the Dining Hall. This lower room is pretty comfortably furnished, and in view of the rights that the students have had for some years and the hardship of having no others I have requested the Superintendent to allow them to use that room. I am sorry that it may disappoint you in your hopes of getting more accommodation, but in the meantime it seems to me to be the right step to take.

With kind regards, I am,

Yours sincerely,

President.
